DONATION OPPORTUNITIES

The Virginia Branch of International Dyslexia Association (VBIDA) is seeking your support.

The VBIDA actively promotes effective teaching approaches and related clinical educational intervention strategies for dyslexics. We support and encourage interdisciplinary research. We facilitate the exploration of the causes and early identification of dyslexia and are committed to the responsible and wide dissemination of research based knowledge.

VBIDA continues to desire a partnership in the community by providing awareness and information regarding appropriate interventions for dyslexia; this donation will demonstrate that intention to the community at-large when families need assistance.

If you donate to the VBIDA this year, it would be our honor to recognize your company on our web, at the conference and more. Our conference publication will be disseminated to over 225 attendees. In addition, you will be listed on our website and in our quarterly newsletter prior and post-conference acknowledgments. Our website is visited annually by 10,374 individuals seeking information regarding dyslexia.

Gold

Donate \$2000 or more
Logo and link listed on VBIDA for one year
Description of company listed on web
Half page ad in conference brochure
